

Town Of Raymond 1995 Annual Report

EDA - Downtown Revitalization

The Downtown Revitalization Project finally reached fruition after a number of years of planning and funding.

The project was funded through a grant from the Economic Development Administration for \$369,600 in federal funds supplemented by \$92,400 in local funds for a total of \$462,000.00. Design Services for the Revitalization were provided by the Architectural firm of Sherman Greiner Halle' Ltd. of Concord, New Hampshire and Construction Services were provided by Severino Trucking, Inc. of Candia, New Hampshire.

Major components of the project consisted of improved handicapped accessibility to the majority of the downtown buildings; improvement to parking and traffic control; and more pleasing site aesthetics. Using red brick pavers; granite curbing; iron railing and granite post fencing; and new road asphalt substantial improvements were implemented to the Town Common and Main Street merchants area. The project proved to be a successful blending of community input, architectural services, federal funding, local administration, merchant support and local construction expertise.

Having established a cost effective and pleasing program of improvements the Downtown Revitalization is anticipated to be the anchor for a number of future improvements to the Downtown Streetscape.

Iber Holmes Gove

1905-1995

Raymond lost one of its dearest friends and greatest treasures this year, with the passing of Iber Holmes Gove.

Born in 1905, Iber graduated from Raymond High School and Keene Normal School, receiving a Bachelor's Degree from the University of New Hampshire and a Master's from Columbia University. She taught school for many years in Berlin, N. H. and in Raymond. She served as Trustee of the Dudley-Tucker Library from 1964 until 1994, and as Trustee of Trust Funds from 1967-1994. Her selfless service to the town was made all the more valuable because of her respect for the town's wonderful history and her considerable talent, intelligence and skill.

Iber was a founding member of the Raymond Historical Society and an active member of the Raymond Congregational Church and the Raymond Garden Club. Our Middle School is named in her honor.

If ever it can be said that an individual was a Pillar of Society, surely Iber was among Raymond's strongest pillars, and her memory, the strength of her character, and the results of her efforts will be fondly appreciated in this town for many, many years to come.

Executive Reports
1995 Annual Report
Raymond, N.H.

Board of Selectmen

To the Citizens of Raymond:

When I began to write this report, I decided to look at the report that I had written in the 1989 Town Report for some guidance. In my 1989 report as chairman, I stated how well the Town Manager form of government had worked during the first year, and how the Board of Selectmen could devote more time to long range goals and projects rather than being limited to the day-to-day business that they had to deal with before.

After six years of the Town Manager form of government, I am more convinced than ever that the voters in 1989 made the right decision. The progress that has been made can be seen by the professionalism that is now exhibited by all department heads and in the pride that all town employees take in their jobs.

The following are projects that the Board of Selectmen selected as priorities for 1995, and an explanation of how they were addressed:

BUSINESS AND INDUSTRIAL DEVELOPMENT TO BROADEN RAYMOND'S TAX BASE

This year the town has worked closely with Wal-Mart, Pine Brook Water, Rehrig Pacific, Coastal Materials and other projects that are either expanding or locating in Raymond. A direct result of this type of development is the 2.4% unemployment rate that Raymond has for December, 1995, compared to the 5.4% unemployment rate that we had for January, 1995. Also, it should be noted that Raymond's unemployment rate was nearly 12% in the Spring of 1993.

OLD FIRE HOUSE As voted in 1994 to utilize the Old Fire House "as is, where is", a ten year plan was developed to maintain the building so it is usable. In 1995, the building was re-roofed and the old gasoline storage tank was removed.

COMPLETION OF THE ECONOMIC DEVELOPMENT ADMINISTRATION GRANT

PROJECT This project was completed in 1995. All sidewalks in the downtown area now meet ADA regulations. Every citizen of Raymond should be proud of the appearance of the downtown area, as well as the common. This project was a direct result of the input that the Selectmen received during the public hearing phase of this project.

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM Phase IV of this program is nearly complete, with a total of 32 more low income housing units. Next year's Phase V program appears to be the last of the housing grants that we will be able to receive. At the end of the next phase, the Town of Raymond's low income housing program will exceed over 150 units completed, with nearly 1.5 million dollars received by local contractors and suppliers for the materials and labor involved in this program.

ROAD RECONSTRUCTION PROGRAM This year we were able to complete the Ham Road reconstruction project, as well as several other smaller road shim and overlay projects.

Several other projects that were undertaken this year are:

UPDATED COMPUTER SYSTEM in the Town Office, as well as Police, Dispatch, Fire and Public Works departments.

STUDENT GOVERNMENT DAY, a cooperative effort with the School Board, was a real success this year.

REVISED PERSONNEL POLICY for all non-union town employees.

REVISED HEALTH OFFICER REGULATIONS that will work in conjunction with the Wellhead Protection Plan to insure that Raymond's municipal water source will be safe.

1995 has been a busy year, and I would like to thank my fellow Selectmen, Town Manager Martha Roy, all Department Heads and Town Employees, for making it a constructive one. I would also like to thank the citizens and taxpayers of Raymond who have put their trust in us.

As I conclude, it must be noted that the real success of Raymond in 1995 was because of the dedication and commitment of the volunteers who serve on various Boards, Committees and Commissions. It's easy to do nothing but criticize, but it's not easy to take countless hours away from your family and friends, and commit the time that is necessary so that Raymond can be a better community. To those volunteers, my heartfelt thanks.

*Respectfully submitted,
Michael E. Quintal, Chairman
Raymond Board of Selectmen*

Town Manager

To the Citizens of Raymond:

Our economic situation has continued to improve as our unemployment rate dropped below the State's rate. We are at 2.4%, compared to New Hampshire's 3.1%. This figure will continue to improve as employment opportunities are realized when the WalMart Distribution facility opens this summer.

The grants awarded in 1995 totaled over \$430,000. These grants are as follows:

Community Development Block Grant -- \$350,000.00

The Town was awarded \$350,000 to rehabilitate multifamily housing in the town center.

COPS FAST Grant -- \$ 58,782.00

The Police Department was awarded the above amount to provide one police officer for a three-year period. Seventy-five percent of the officer's salary and benefits is paid for by the Federal Department of Justice, and the other twenty-five percent will be raised through local appropriation.

COPS MORE Grant -- \$ 16,283.00

The Police Department was awarded this amount to fund seventy-five percent of the cost of five laptop computers, a part-time clerk to aid the prosecutor, CD-ROM software, and computer updates.

Miscellaneous Grants -- \$ 5,608.00

Other, smaller grants were awarded for fifty percent of the cost of a police cruiser radar and video unit; DARE (Drug Abuse Resistance Education) program costs; Oil Discharge/Disposal Clean-up costs; and police training.

These funds have not only lessened the burden on the tax payers, but have kept the town on the cutting edge with new equipment and services.

We are very fortunate to have so many hardworking volunteers and employees who have made Raymond a community with a bright future.

*Respectfully submitted,
Martha S. Roy
Town Manager*

Amendments to Raymond Zoning Ordinance as proposed by the Raymond Planning Board:

Article #2

To see if the town will vote to enact the following amendments to the Zoning Ordinance as proposed by the Raymond Planning Board:

Amendment # 1

"Are you in favor of the adoption of Amendment #1 proposed by the Planning Board for the Town Zoning Ordinance as follows: To delete section 6.5 in Article VI - Special Provisions, and replace it with a new section 6.5 - Signs, containing a revised set of definitions, permits, non-conforming uses, size, type, and location requirements for signs."

Yes	338
No	289

Amendment # 2

"Are you in favor of the adoption of Amendment #2 proposed by the Planning Board for the Town Zoning Ordinance as follows: To adopt the enactment of a local Building Code, as allowed by N. H. R. S. A. 674:51, in compliance with Sections I, II, and III inclusive, for the construction, remodeling, and maintenance of all buildings and structures in the municipality. To include the adoption of B.O.C.A. National Building Code, 1993, twelfth edition; the B.O.C.A. National Fire Protection Code, 1993, ninth edition; the B.O.C.A. National Plumbing Code, 1993, ninth edition; the B.O.C.A. National Mechanical Code, 1993, eighth edition; and the National Electrical Code, ANSI/NFPA 70, 1993 edition, as allowed by N. H. R. S. A.

674:52, section I, pursuant to N. H. R. S. A. 674:51, and to provide that all Commercial (to include multi-family housing) and Industrial uses newly constructed shall be fully sprinkler protected in compliance with NFPA 13 (the standard for the installation of sprinkler systems) design criteria, and the adoption of the provisions of N. H. R. S. A. 674:52 section VI, which allows a simplified process for nationally recognized codes revision and update adoptions. And to delete Article 7.1 - Administrative Procedure, section G, upon its passage."

Yes	364
No	272

The Moderator read the results of the Town Election and Zoning Ordinances and announced the final day to request a recount on the Town Election Article #1.

The meeting was recessed, to be reconvened at 10:00 a.m. on March 18, 1995, at the ber Homes Gove Middle School Gymnasium.

Town Clerk/Tax Collector*

Annual Town Meeting

March 14, 1995

The Annual Town Meeting of Raymond, N. H. was called to order by Moderator Andrew Harmon at 10:03 a.m. at the Iber Holmes Gove Middle School gymnasium.

Introduced were the Board of Selectmen: Edward Varney, Chairman, Neal Welch, Roberta Johnson, June Hartford, and Michael Quintal; Town Manager Martha Roy; Town Attorney Michael Donahue, Town Clerk/Tax Collector Gloria E. Carney; and Deputy Town Clerk/Tax Collector Doris Gagnon. Budget Committee members present were David Hoelzel, Jr., Sally Paradis, Jonathan McCosh and Ann Kitchen. Supervisors of the Checklist present were Robert Forsing, Patricia Forsing and Marilyn Semple. The Ballot Clerks were: Assunta Ege, Frances Spinazzola, Anthony Spinazzola, Judith Frontierro, Beverly Bickford, Kathleen Stockley, Kathleen Szczepanik, Donald Magoon, Helena Cascio, Gayle McMullen, Joyce Bishop and Joan King.

The Reverend David Wickford offered a prayer and Boy Scout Troop 100 made a presentation of colors. The flag of the United States was saluted.

The Moderator, Andrew Harmon, announced that a yellow voting card with the letter "D" would be used for voting and for identification purposes for speaking at the meeting and he outlined the "Rules of Order" and how to go about the restriction of an article after it was voted on. Also, he announced the results of the Tuesday, March 14, 1995 election.

Article 1

To see if the Town will vote to raise and appropriate the sum of Three Million, Eight Hundred Thirty Thousand, Three Hundred Fourteen Dollars (\$3,830,314.00) to defray Town charges for the year ensuing. Said sum is exclusive of Special Articles No. 2, 3, 4, 5, 6 and 7.

David Hoelzel, Jr. moved the Town vote to raise and appropriate the sum of Three Million, Eight Hundred Thirty Thousand, Three Hundred Fourteen Dollars (\$3,830,314.00) to defray Town charges for the year ensuing. Said sum is exclusive of Special Articles No. 2, 3, 4, 5, 6 and 7. Seconded by Ann Kitchen.

Michael Quintal moved that Article 1 be amended to read: The Town vote to raise and appropriate the sum of Three Million, Eight Hundred Seventy-one Thousand, One Hundred Eight-three Dollars (\$3,871,183.00) to defray Town charges for the year ensuing. Said sum is exclusive of Special Articles No. 2, 3, 4, 5, 6 and 7. Seconded by Neal Welch.

The vote on Amended Article 1 was in the NEGATIVE.

The vote on Article 1 was in the AFFIRMATIVE in the amount of Three Million, Eight Hundred Thirty Thousand, Three Hundred Fourteen Dollars (\$3,830,314.00).

Article 2

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1, for the purpose of reconstructing the Pecker Bridge (Main Street Bridge over Lamprey River), and to raise and appropriate the sum of Forty-five thousand, Five Hundred Dollars (\$45,500) to be placed in this fund and to designate the Board of Selectmen as agents to expend.

Roberta Johnson moved that the Town adopt Article 2 as written. June Hartford seconded.

The vote on Article 2 was in the AFFIRMATIVE.

Article 3

To see if the Town will vote the following Special Warrant Article to approve the cost item included in the collective bargaining agreement reached between the Town of Raymond Board of Selectmen and the Raymond, N. H. Police and Dispatch Departments and Teamsters Local #633 of New Hampshire Union, which calls for the following increases in salaries and benefits over the following years:

<u>YEAR</u>	<u>ESTIMATED INCREASE</u>
1993	5,206.00
1994	12,761.00
1995	16,633.00

and further to raise and appropriate the sum of Thirty Four Thousand, Five Hundred Dollars (\$34,500.00) for the 1993 (retroactive), 1994 (retroactive) and 1995 fiscal years, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal years.

Edward Varney moved that the Town adopt Article 3 as written.

The Vote of Article 3 was in the AFFIRMATIVE.

Timothy Louis moved to restrict reconsideration on Article 3. Seconded by Robert Carlberg.

The vote to restrict reconsideration on Article 3 was in the AFFIRMATIVE.

Timothy Louis moved to restrict reconsideration on Article 1. Seconded by Kathleen Hoelzel.

The vote to restrict reconsideration on Article 1 was in the AFFIRMATIVE.

Article 4

To see if the Town will vote to raise and appropriate the sum of Fifty-nine Thousand, Four Hundred Fifty-six Dollars (\$59,456.00) in support of the following Social Service Agencies:

Seacoast Mental Health	2,500.00
Rockingham County Community Action	16,770.00
Lamprey Health Care (Senior Transportation)	5,800.00
Area Homemaker Health Aide Services	4,500.00
Rockingham Counseling Center (Child & Family Services)	5,500.00
Rockingham Visiting Nurses Association	12,913.00
Seacoast Big Brother/Big Sister of N. H.	1,088.00
A Safe Place	1,000.00
Sexual Assault Support Services (Women's Resources)	675.00
Rockingham County Nutrition Program	2,760.00
Retired Senior Volunteer Program	600.00
Aids Response to the Seacoast	1,000.00
Seacoast Hospice	2,350.00
Richie McFarland's Children's Center	<u>2,000.00</u>
	59,456.00

Michael Quintal moved that the Town adopt Article 4 as written. Seconded by Neal Welch.

David Hoelzel, Jr. moved to amend Article 4 to read \$58,456.00 removing Aids Response to the Seacoast (\$1,000.00). Seconded by Jonathan McCosh.

Stephen Keith moved to direct the Budget Committee to develop a unified list of questions that will be asked of all Social Service recipients each year to include items such as political activities. Seconded by Norman Weldy.

The vote to have the Budget Committee develop a list of questions to be asked of all Social Service Recipients was in the **NEGATIVE**.

The vote to amend Article 4 to read \$58,456.00 was in the **NEGATIVE**.

The vote on Article 4 in the amount of \$59,456.00 was in the **AFFIRMATIVE**

Article 5

To see if the Town will vote to raise and appropriate the sum of Thirty-one Thousand, Nine Hundred Seventy-five Dollars (\$31,975.00) for funding the initial year of the three (3) year contract entered into between the Town by the Selectmen and Raymond Ambulance, Incorporated to be contributed to Raymond Ambulance, Incorporated.

June Hartford moved that the Town adopt Article 5 as written. Seconded by Michael Quintal.

The vote on Article 5 was in the **AFFIRMATIVE**.

Article 6

To see if the Town will vote to raise and appropriate the sum of \$2,750.00 to the New Hampshire SPCA to support the many services they provide to the Town of Raymond, including:

Sheltering and Adoption of Homeless Animals
Impoundment Facilities
Lost and Found Services
Animal Cruelty/Neglect Investigation
Assistance to Animal Control Officers
Public Information Services and Referrals
Educational Programs and Services
Pet Therapy and more

C. G. Shaffer moved that the Town vote to raise and appropriate the sum of \$2,750.00 to the New Hampshire SPCA to support the many services they provide to the Town of Raymond. Seconded by Frederick Davis.

C. G. Shaffer moved to amend the amount to be raised and appropriated to \$1,375.00. Seconded by Norman Weldy.

The vote on the amended Article 6 in the amount of \$1,375.00 was in the NEGATIVE.

The vote on Article 6 was in the NEGATIVE.

Article 7

I, Gayle St. Pierre and 25 other undersigned registered voters of the Town of Raymond, request that the Town of Raymond raise and appropriate the sum of \$1,000 to cover the startup costs of voluntary cat licensing. Seconded by Richard Dolan.

Gayle St. Pierre noted that she had submitted three articles regarding cat control. This will be researched when the Town of Raymond office opens on Monday.

After much discussion regarding the cat articles the following motion was offered:

Gayle St. Pierre moved to table Article 7. Seconded by Paul McCoy.

Article 8

On the petition of George Cottrell and 25 other registered voters to see if the town will vote to allow all cemetery lot owners of single lots to erect upright monuments in Raymond, N. H.

June Hartford moved Article 8 as written. Seconded by George Cottrell.

The vote on Article 8 was in the NEGATIVE.

Kathleen Hoelzel moved to reconsider Article 8. Seconded by Roland Kimball.

The vote to reconsider Article 8 was in the AFFIRMATIVE.

Kathleen Hoelzel moved to amend Article 8 to read "to see if the town will vote to allow all cemetery lot owners to erect upright monuments in Raymond, N. H. Seconded by Norman Weldy.

The vote on Amended Article 8 was in the AFFIRMATIVE.

Ronald Nadeau moved to reconsider Article 7, Seconded by Roger Retzke.

The vote to reconsider Article 7 was in the AFFIRMATIVE.

Gayle St. Pierre moved to amend Article 7 to read, "I, Gayle St. Pierre and 25 other registered voters request that the Town of Raymond raise and appropriate the sum of \$1,000 to cover the startup costs of voluntary cat licensing and that any additional over the \$1,000 will be given to the Animal Control Officer's budget and not revenue to the general fund." Seconded by Stephen Keith.

The vote on amended Article 7 was in the NEGATIVE.

The vote on Article 7 was in the NEGATIVE.

Roger Retzke moved to advise the Town to print in the annual report the Capital Improvements Plan, Debt Schedules, and C.I.P. Committee report. This printing to continue until rescinded by vote of the district. Seconded by Stephen Keith.

The vote on this advisement was in the AFFIRMATIVE.

Sally Paradis moved to print a breakdown of the Capital Reserve Funds each year in the Town Report until voted by Town Meeting to do otherwise. Seconded by Richard Dolan.

The vote to print the Capital Reserve Fund breakdown was in the AFFIRMATIVE.

Edward Varney presented flowers and a Certificate of Appreciation to Gloria Carney, Town Clerk/Tax Collector for her years of service.

Michael Quintal presented a Certificate of Appreciation to Selectman Edward Varney for his years of service to the Town of Raymond.

Stephen Keith moved to adjourn the meeting. Seconded by Roger Retzke.

The meeting adjourned at 3:05 p.m.

A true record attest

Respectfully submitted

Town Clerk/Tax Collector

Special Town Meeting

October 23, 1995

The Special Town Meeting of Raymond, N. H. was called to order to Moderator Andrew Harmon at 8:17 p.m. at the Iber Holmes Gove Middle School Gymnasium.

A moment of silence was observed for Calvin Warburton who passed away last week.

A request was made by residents and presented in writing to the Moderator that both articles be handled by secret ballot. Moderator Harmon announced that he would allow non-residents to speak on the articles, including Mark-O-Hildonen, promoter of the Quadroplex.

Article 1

To see if the Town will vote to authorize the Board of Selectmen to see Tax Map 6, Lot 33 to M-O-H Enterprises FL, Inc. for the Quadroplex Group in consideration of the balance payment of a quint type aerial ladder fire truck. (\$200,000 of this fire truck purchase will be given to the Town by the Wal-Mart Corporation). Sherry Brox moved and Ralph Rioux seconded.

Discussion ensued on Article 1. Robert Carlberg moved that Article 1 be amended to read: That the approximate twenty-nine acres of Town-owned land Map 6, Lot 33 addressed in this article be transferred by deed to the M-O-H Enterprises, Inc., subject to the following conditions:

1. That the remainder of the cost for the purchase of a one hundred foot platform fire truck necessary due to the special exceptions granted to the Wal-Mart and the Quadroplex

(AKA M-O-H Enterprises, FL., Inc.) be paid to the Town of Raymond prior to the transfer of the deed. The Wal-Mart Corp. has already paid the Town two hundred thousand dollars as their portion of this truck. The balance in full to be paid by M-O-H Enterprises, FL., Inc., prior to the start of building.

2. That the transfer of land take place only if the Quadroplex and hotel are built.
3. That the aerial platform fire truck meet the specifications of the Raymond Town Officials for fire rescue and suppression.
4. That the environmental study be done on the land, at the expense of M-O-H Enterprises, FL., Inc., prior to transfer of the deed.
5. That if the above conditions (1-4) are not met by M-O-H Enterprises FL., Inc., the land will revert to the Town of Raymond.

Seconded by Gwendolyn Deyoung-Martin.

James Demeritt moved the question on the amendment. Seconded by Stephen Sloan.

The vote on amended Article 1 was in the NEGATIVE.

Discussion resumed on Article 1. Paul Coates moved that Article 1 be amended to read: The respective obligations of the parties to consummate the transaction contemplated by this article is subject to the fulfillment at or prior to the land transfer of the following condition: public disclosure of the names of the Quadroplex Corporation (DE) shareholders and/or principals. Seconded by Lawrence Cottrell.

James Demeritt moved the question on the amendment. Seconded by Stephen Sloan.

The vote on the second amendment to Article 1 was in the NEGATIVE.

Kelly Ladd moved the question on Article 1. Debra Croteau seconded.

The vote on Article 1 as written was in the AFFIRMATIVE.

YES: 247

NO: 133

Article 2

To see if the Town will vote to authorize the Board of Selectmen to allow construction of a building on town-owned land (Tax Map 5, Lot 52-6) adjacent to the Safety Complex with no expenditure of Town of Raymond funds for said construction. This building would be conveyed to the Town for no consideration and would be owned and operated upon

completion by the town thereafter. Initially, the building would house the current Ambulance service provider for the Town of Raymond.

Brief discussion ensued on Article 2. Andrew Silva moved the question. Stephen Sloan seconded.

The Moderator asked if there was to be further discussion on Article 2 before the question was moved. James Demeritt moved, seconded by Ralph Rioux.

The vote on Article 2 was in the AFFIRMATIVE.

YES: 236

NO: 143

The Moderator announced that the polls would be open from 9:45 p.m. to 10:45 p.m. The YES/NO ballots used would be blue for Article 1 and Yellow for Article 2.

After the reading of the results of the voting, Andrew Silva moved to adjourn the meeting, seconded by Lisa Frisella.

The meeting adjourned at 11:06 p.m.

A true record attest

*Respectfully submitted,
Doris M. Gagnon
Town Clerk/Tax Collector*

Calvin Warburton

May 28, 1910 - October 16, 1995

Calvin and his wife Janice moved to Raymond in June of 1975, and he served this community for all of the twenty years he lived here. From 1978 until 1994, he represented Raymond in the General Court of New Hampshire. Although officially he was retired from the ministry and the U. S. Army, he never really retired. He worked daily to help each and every one of us, either personally or collectively as a Town. If anyone had a problem, he spoke for that person at the proper department or agency and would work diligently to solve that person's difficulty. In 1976, Calvin ran in the primary for the Republican nomination for U. S. Congress under the slogan, "Vote for Cal, He's our Pal". He certainly proved himself to be just that. During his political career here in Raymond, Calvin gained national recognition in 1991 when he switched to the Libertarian Party after a life long commitment to the Republican Party. Afterwards, his name was placed in nomination for the Vice President of the United States under the Libertarian Ticket. He also ran for the party's Libertarian nomination for Governor last year.

Calvin began his marriage and career as a Minister in 1935, in our neighboring town of Fremont, where he served the Methodist Church. Other churches he served in New Hampshire included Moultonville, Tuftonborough, Hampton, Salem, Contoocook, and Bow Mills. He served two churches in Kansas (Bushton and Newton), and his last Church was Grace United Methodist Church in Haverhill, Massachusetts. However, as previously mentioned, although retired, he never stopped serving his fellow man. Not only did he work tirelessly for us in Concord, he filled in at various churches that needed him if a pastor was unavailable or if the church was without a pastor temporarily. He was a Chaplain in the U. S. Army beginning in 1942, and served during World War II and the Korean War. He served with the 13th Mountain Medical Battalion in the China/Burma/India Theater. He also served as post Chaplain at Fort Devens, Massachusetts; Camp Drum, New York; and served in occupied Japan and Germany. In 1950, he made the Inchon Landing and held Thanksgiving services on the Yalu River.

Cal's wife Janice predeceased him in 1991.

Calvin was awarded in 1995 a Certificate of Appreciation for his service to the local community, by the Grand Master of Masons in New Hampshire.

Carl L. Chase

1916 - 1995

Carl Chase passed away on May 11, 1995, at the age of 79, following a lifetime of service to our Town and of devotion to his family.

Serving as a member of the Board of Selectmen from 1962 until 1964, and as Cemetery Caretaker from 1977 until 1984, Carl was ever faithful to his family's tradition of public service.

Always a gentleman -- always a gentle man -- Carl Chase will be remembered by those whose lives he touched and will, deservedly, always be a part of Raymond's history.

Town Clerk/Tax Collector

Your office of Town Clerk/Tax Collector has just concluded another busy year. The past year has brought changes to the office, with the retirement of Gloria Carney and my being elected to the position of Town Clerk/Tax Collector. The transition period went very smoothly and business was conducted as usual, with efficiency and accuracy. With the growth of the town, our collections this year in Town Clerk activity as well as Tax Collection, surpassed last year. In 1996, we will be computerized for the registration of vehicles as well as dog licensing. I think that this will expedite each transaction and customers will not have to wait as long. Also, with the computerization of the vehicle registrations, we will be able to offer the citizens mail-in registrations if they wish to take advantage of the service. This coming year is going to be a busy political year, with Federal, State, and local elections taking place.

I want to take this opportunity to recognize my Deputy, Norma Lovejoy, for her excellent work -- she's always there to assist me when needed. Also, I want to mention my new clerk, Christine Menard, who has demonstrated her abilities to perform the tasks required in this office with utmost efficiency and professionalism. I look forward to serving the Raymond Community during my next term in office.

*Respectfully submitted,
Doris M. Gagnon
Town Clerk/Tax Collector*

To the Board of Selectmen and Town Manager
Town of Raymond, New Hampshire

We have audited the general purpose financial statements of the Town of Raymond, New Hampshire as of and for the year ended December 31, 1995, and have issued our report thereon dated February 7, 1996.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of Office of Management and Budget (OMB) Circular A-128, "Audits of State and Local Governments." Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Raymond, New Hampshire for the year ended December 31, 1995, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Raymond, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

ACCOUNTING APPLICATIONS

Budget
Cash and investments
Revenues and receivables
Expenditures for goods and services
and accounts payable

Payroll and related liabilities
Debt and debt service expenditures
Single Audit and similar grant programs

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

Vachon, Cluckey & Co., PC

February 7, 1996

Burgess A. Chase

Burgess Chase served the Raymond Fire Department and the Town of Raymond for several years, giving unselfishly of his time, energy, and talent for the public good. As a 35-year member of the volunteer fire department, he held the post of forest fire warden, served in the ranks of captain, lieutenant, and deputy chief, and in 1969 was appointed as Raymond's first "permanent" fire chief, a post he held until his retirement in 1977.

Using his talent as a builder, Burgess willingly devoted countless hours to various projects at the fire house, including additions to the original station for fire department use, and to house doctors' offices for the community that would, in the 1960's, become quarters for the town's first full-time police chief and dispatch center. Over the years, more than one piece of fire apparatus was refurbished through his efforts and kept in service for the department.

A builder by trade for most of his life, testament to his fine work is still apparent throughout the community in many homes and public buildings. Burgess also found time to serve the town in other capacities, both as a member of Raymond's first planning board and as a water commissioner.

His devotion and record of service to the community were indeed exemplary and will long be remembered.

Conservation Commission

In 1995, the Conservation Commission had three outstanding goals planned for completion:

- Recreation Bridge Repair
- Dearborn Property Settlement
- Flint Hill Property Settlement

Through the efforts of the State, the Town, private donations, and monies from the Conservation Fund, the recreation bridge was resurfaced and repaired just in time for the snow.

We're still working hard with the Town to complete the Dearborn and Flint Hill property settlements for 1996. We attended the annual meeting of the N. H. Association of Conservation Commissions and welcomed four new members to this Commission. We had several new Expedited Wetland Applications come before us and inspected several sites for suspected violations.

We have plenty of new projects coming up, like the Exeter River Advisory Board, and invite you to join us in the challenge of Conservation work.

The Raymond Conservation Commission Remembers

Russell A. Ege

(1923 - 1995)

We Miss You, Russ

Respectfully submitted,

Kathleen Stockley, Chairman

Raymond Conservation Commission

After

Dispatch Center

Technology has made deep inroads into the Raymond Dispatch Center. An updated, state-of-the-art, computer-aided dispatch system has been installed and is operational at this time. We are also the third dispatch center in New Hampshire to receive the new Glink Spots Computer System, which allows instant access to NCIC data, and which will allow us to be on-line with NCIC 2000 when available.

The fire base was replaced this year, which has dramatically improved communications with the Seacoast emergency services. We look forward to replacing the County and State police base this year.

Because of the generosity of Raymond Ambulance, Inc., Raymond Fire Department, Fremont Fire Department, and Fremont Rescue Squad, we will be capable of doing emergency medical dispatching from computer-aided software. This system will assist the dispatcher in giving medical assistance to the public in medical emergencies.

We wish to thank the citizens of Raymond and Fremont, and the following departments for their continued cooperation and support: Raymond Fire Department, Raymond Ambulance, Inc., Raymond Police Department, Raymond Public Works Department, Fremont Fire Department, Fremont Rescue Squad, Rockingham County Sheriff's Department, New Hampshire State Police, The Selectmen, the Town Manager, all of the employees at the Town Office, and all the other public safety agencies with whom we work throughout the year.

These are the dedicated women and men who serve your community:

Jeff Buskey
Pauline Gordon
Betty Gallison

Jason Larochelle
Fred Troffater
Robyn Tolman

Raymond Police Department calls dispatched:	6,787
Fire, Ambulance and Rescue calls dispatched:	968

*Respectfully submitted,
Nancy E. Rice,
Head Dispatcher*

Dudley-Tucker Library

The first full year of providing library services to the Raymond community in our enlarged and renovated space has proved to be even busier than the staff and Trustees had envisioned.

The elevator runs regularly throughout the week as patrons who were unable to access the library previously have become regular and supportive users. Special children's programming has created a new generation of book lovers and readers. Our entire staff has concentrated on expanding the offerings of both the adult and juvenile collections to meet the needs of Raymond's growing and changing population.

Thanks to the generosity of Boy Scout Troop 100, we are able to provide a family pass to the Christa McAuliffe Planetarium. We hope that, through community donations, we will be able to provide passes for other museums and activity sites in the future. The Friends of the Library have begun a special program to purchase and donate to the library a book in the name of each child whose birth is registered with the town. To date, 67 such books have been added to the children's collection.

Special thanks to the following supporters/volunteers: L. Sample, P. Mongeon, E. Dow, C. G. Shaffer, The Friends of the Library, L. Albee, S. Miller, J. Cram, J. Anzalone, S. Dyer, L. Jordan, N. Plamondon, M. Merchant, M. Milner, N. Foss, C. Palmer, M. DeFlumeri, A. Munoz, L. Dawson, C. LaVoie, C. Grant, C. Fancher, S. Akers, S. Ross, M. Marton, P. Post, K. Rousseau, L. Kydd-Keeler, D. Hayes, C. Coates, R. Stone, M. Gannon, J. Dwyer, J. O'Connor, D. Toto, A. Krieger, K. Currier, L. Dannis, and R. Maisey.

If you are not one of our 4,279 registered patrons, please plan to visit soon to discover the variety of library services available to you and your entire family.

Fire Department

The Raymond Fire Department (RFD) responded to 324 calls last year, as follows:

Structure Fires	24	False Alarms	30	Alarm Activations	30
Chimney Fires	20	Mutual Aid	23	Electrical	17
Brush/Grass Fires	39	Vehicle Fires	25	Appliance Fires	6
Smoke Reported	16	Gas/Propane	21	Miscellaneous	6
Jaws of Life Calls	5	Vehicle Accidents	62		

The following inspections are reported by Captain Paul Hammond:

Certificates of Occupancy	60	Places of Assembly	14	Life Safety Inspection	26
Chimney/Fire Place/Wood Stove	67	Sprinkler Systems	53	CDBG Buildings	29
Furnaces - Gas & Oil	70	Smoke Detectors/Alarm Panels	46	Fuel Tank Remvl./Insttn.	7
Foster Homes/Day Care Cntrs.	9	Blasting Seismograph/Compaints	18	Carbon Monoxide Tests	32

Your firefighters had another busy year with an increase of 14 calls from last year, to a total of 324. This reflects an increase of 180 calls over 1985.

All trucks are in good condition and ready to respond. The Suburban has received new paint and doors. This truck has 112,808 miles and works 365 days a year.

A committee has been formed to put together a bid package for an aerial truck that is needed for all the three story and large area buildings in town. Wal-Mart and the Quadroplex will be paying for the aerial truck and will help the town's ISO fire rating alot.

The Fire Department lost a good friend and leader recently when retired Fire Chief Burgess Chase passed away. Burgess was a member of the Raymond Fire Department for 35 years and Chief for 9 years. He became a full-time Chief in 1969, replacing Chief Fox. Burgess applied his skills as a craftsman to everything he did. The 1940 Ford has a hydraulic hose reel that he designed over twenty years ago and is still in service today. He will be missed by his comrades, but the example he set will never be forgotten.

The new computer system has been set up. Information is being entered from town businesses as the Fire officers learn to use the system. The new float-a-pump has been used during this year's record dry summer and impressed all who manned the lines.

The Firefighters turned up in large numbers this year for Fire Prevention Week at the Elementary School. Every class received a visit and training material. Also, weather permitted a demonstration of a fire engine. Thanks to the efforts of the school principal and nurse, it was a big success.

Parents can help us get the fire protection message out by testing your detectors regularly and making sure matches and lighters are out of reach of children.

In closing, a special thanks to Home Town Friends, McDonald's, Shop n' Save, CAP, and Ben Franklin's for their help with families that have lost homes during fires.

*Yours in Fire Protection
Kevin Pratt, Chief
Raymond Fire Department*

Emergency Management

The past year has been a productive one for the Raymond Emergency Management department. We continue to work on a new emergency plan for the town. This department has purchased a new lap top computer with a phone modem to assist us in our efforts. We have plans to add a colored printer for this computer. This year we also plan to buy new cots and sleeping bags for the emergency shelter.

Even though this department was not activated in 1995, we still tracked Hurricane Felix in the event it took a track towards the New Hampshire coast.

The Emergency Management department is funded by the town with grants from the State. We would like to thank the town for their support.

*Respectfully submitted,
Scott Payne, Director
Phil Talbot, Deputy Director
Raymond Emergency Management*

Parks & Recreation Department

"I don't know, Ahab. A two-day canoe trip for the Rec'n Crew. Is this really a good idea?"

"Don't worry, Rick. Everything will be ok. Trust me."

What started out as a fairly simple idea, ended up as an expedition that Lewis and Clark would have had second thoughts about. "We need twenty kids to make this work. I don't know if we can get that many." Add a third van. "How many kids are we taking?" The final count is 34 kids and 4 chaperones (more on this later). Loading 38 people into three fifteen-passenger vans was no easy chore, but it should work -- 12.6 people in each van. No problem, right? Wrong! "Ryan, is there any more room in the roof rack?" "Who brought the suit case?"

The three vans (and one pickup) loaded, we headed for Conway.

So. That's 38 people, divided by two people per canoe. We need nineteen canoes.

"So listen up, everyone. Pair up, grab a life jacket and paddles, pick a canoe, and carry it down to the river's edge, but do NOT put it in the river."

"YES, you have to wear your life jacket."

"Nick, what do you *mean* you don't have a partner?"

"YES, you have to wear it at all times!"

"Everyone *has* to have a partner."

"I don't *care* if you know how to swim -- you still have to wear it."

"There *must* be someone without a partner. . . No? Ahab, we have a problem. Why doesn't 38 divided by two equal 19? Did you count, Jim? How many in each van? Who's on first. I Don't Know's on second." I guess it's one of those Mysteries of Life.

We decided to be really smart and park the van and truck down at the campsite so all our stuff would be at the midway point when we got there. Smart move, huh? The sun was shining. The paddling was great. The river was nice and wide -- flat water with plenty of places to wade and swim. "Guys, this isn't a race. Slow down!"

As the current pushed us along downhill toward our campsite, the river turned more northerly. And so did the wind. The forecasted beautiful day turned windy and cool. It was getting dark with big, black storm clouds. Still three miles from our campsite, it finally dawned on us that most of our sleeping bags and other things were on the roof of the van or in the back of the truck. "Brian, how fast can you and Ahab paddle the last few miles? Remember, your stuff is outside, too!"

The canoe trip was the first of our more adventure-based programs, offered for Rec'n Crew members as part of our Summer Playground program. Our plan was to try to get some of the older kids off of the playground a little more often. At the time we planned these trips, we were unaware that we would register 440 children for the summer program. The average daily attendance on the playground in 1995 was 218, with our highest number reaching 330 children. Forty-three busses were used to take Raymond children on 25 trips over the summer.

The beach at Carroll Lake was opened for the first time in 1995 and, after a few initial problems with geese, the program ran fine. Apparently, geese liked the new waterfront, too. Swimming lessons have become popular during the winter and spring at N. H. College, as

well as during the summer. The ski program saw numbers reach 165 in the weekly program at Gunstock.

One common thread has run through most programs -- ever increasing numbers. Scouts, RYAA (baseball), RYSC (soccer), Youth Basketball -- all are maxed out with overwhelming response. It forces them all to get the most out of the valuable resources they have. More than ever, they have to find new and creative ways to meet the needs of the people they serve. They do so while serving many hundreds of children.

In recent years, there has been major emphasis on -- to use a couple of popular buzz words -- "networking" and "building partnerships" between organizations, to provide more cost effective service. Funny, Raymond may not have known the words, but we mastered the concept a long time ago. Cooperation between the School and the Town; between the school and town teams; between the Senior Citizens of Ray-Free and those from Nottingham; among the coaches from baseball, soccer and basketball; between the Raymond Arts Associates, the High School Drama Department and the Peer Theater Program; among teenagers volunteering to work with other young people and scouts working on a variety of community projects; and among businesses supporting Recreation programs and construction projects -- all are only a sampling of the kinds of partnerships that are working here in Raymond. It's nice to know the buzzwords are finally catching up to us.

The hard work and dedication of volunteers cannot be overlooked, as it is an essential part of the programs we offer. There are far too many people for us to mention them all, and the support of each volunteer, no matter how small, is appreciated and critical.

Finally, a word about our staff. You might say that I am a little biased, but most (with a couple of exceptions) of our staff are home-grown and are about as dedicated as you can get. For me, it is very rewarding to see our playground and beach staffs run one of the most popular programs around. They are among the most competent and caring that I have seen, often volunteering themselves to help with programs for younger children. At a training session at the UNH Browne Center last Spring, the instructors were overwhelmed with the level of maturity and cooperation shown by these young people. The Browne Center often works with adults who are supposed to work together. They found our staff making great leaps to new levels of understanding in far shorter time than they ever expected. Have I raved enough about these kids yet? I often do, but young people get enough criticism. They deserve all the credit I can give them. Thank you, guys.

Now back to that canoe trip. You *do* remember the canoe trip?

After a few brief showers, the sun came out in full force and the wind that had been in our faces fell off to nothing. "It's just a couple of miles further. You can do it. The current will carry you there. TRY!"

The last of us finally arrived at the campsite and the vans and truck were unloaded and tents were going up. For those of you who remember the 1989 Town Report, Jim White, the leader in the Gilligan's Island theme song in the super market, was busy setting up the grill and starting to cook dinner.

"How can the frozen hamburgers be bad? We just *bought* them! Ahab, there's a store down the street."

"Who wants tube steaks (A.K.A. Hot Dogs)?"

"How much grease can these burgers make, anyway?"

"Yes, we have stuff to make S'Mores (thanks Denise). Now if we only had some firewood."

Someone tell me where kids who were laying back in their canoes, too exhausted to paddle, suddenly find the energy to swim and run around till dark.

As sunrise came, I woke to almost absolute quiet. A phenomenon I had not experienced in a while. As I rolled out of my sleeping bag, I could hear the familiar hiss of the Peak One stove off in the distance. Could it be coffee? No. Don't get your hopes up. Quiet *and* a cup of coffee? You brought Bagels, too! Brian, you are a *Saint*!

"Yes, Erin. You *can* use the out-house." So much for peace and quiet.

We did not unravel any of the Mysteries of Life, and to this day we still don't know how we ended up with an extra paddler. It is the little things -- like independence and cooperation -- that we're trying to work on. The mysteries of life may be solved some other day.

Boy, this story is a whole lot better than the one where I almost got arrested at the Red Sox game during Midnight Madness.

*Respectfully submitted,
Richard C. Bates, Director
Raymond Parks & Recreation*

Planning Board

This year provided the Planning Board with ample opportunities to utilize and evaluate the effectiveness of the performance standards the Town endorsed at its March 1994 Town Meeting. The experiences were educational to say the least. It wasn't until we actually had to apply and interpret the standards that the words, "noise, glare, and light" came under close scrutiny and took on new importance. But apply the standards we did, to large sites and small sites equally and without prejudice. And of course, in applying the standards, we found areas for improvement -- our goal for the coming year.

The Planning Board brought to successful conclusion the dispute with Onway Village by negotiating a settlement that resulted in both parties executing a Performance Agreement in November, 1995. The Board also worked during the year to resolve outstanding issues with Pine Acres, Pine Brook Bottling Company, and the new Mobil Station. Over the summer, Rite Aid pharmacy was thoroughly reviewed and the first glimpses of Quadroplex were examined. And how could we not mention Walmart.

But in addition to some of the more complex projects, there were also the smaller reviews consisting of amended site plans for business expansions as was the case of Lamprey Health Care and Rehrig Pacific, as well as the Texaco Station, Grants Towing and the Raymond Preschool and Children's Center.

Internal housekeeping chores for the Board consisted of reviewing and updating the administrative and office procedures, reviewing the Zoning Ordinance, and finalizing the amendments designed to implement the Wellhead Protection Plan. Review of the Master Plan was slated for this year, but time and money constraints did not allow for any work on this project.

Finally, although there is probably not enough room to mention everyone by name, the people we wish to express our appreciation to most of all are those who came before the Board seeking guidance and help with an idea they wanted to make a reality. Thank you. And to those of you who come to those Thursday night Planning Board meetings to listen and to contribute, thank you.

*Respectfully submitted,
Diane E. White, Chairman
Raymond Planning Board*

Capital Improvements Plan

The Capital Improvements Plan is a tool for budgeting and scheduling the town's capital expenditures. Essentially, the plan shows how, when, and at what cost a municipality might expend for the expansion and/or renovation of its services and facilities.

The primary purpose for having a working (and funded) Capital Improvements Plan program is to provide for planned growth and to assist in the assessment of impact fees. A working CIP program can contribute to stabilization of the tax rate by planning for and budgeting payments for major capital outlays well in advance. It is a good management tool, as all capital items are placed in our budget instead of being spread out in departmental budgets, i.e., school, public works, library, and town budgets. When properly supported and funded, the CIP program can be used in the preparation of the annual Town and School budgets.

While the CIP is primarily in the form of statistical information, when funded and supported by the Town, the above mentioned purposes of the program can be very effective in leveling the tax rate and preventing premature development.

Capital Improvements Plan statistics were not done in 1995 because the Planning Board felt that there was no network of support or funding to initiate the CIP Program.

*Respectfully submitted,
Diane White, Chairman
Raymond Planning Board*

Note that statistics drawn from the 1994 Capital Improvements Plan are depicted on the following page.

1994 Capital Improvements Plan Schedule

Department/Project	1994	1995	1996	1997	1998	1999

Public Works

The Public Works Department consists of Highway, Water, Landfill, Cemetery and Building Services divisions. Through the combined effort of all staff and divisions, a number of significant goals were accomplished this year.

The Downtown Revitalization Project required close coordination with the project contractor, Severino Trucking, Inc., to ensure all below grade water utilities were replaced prior to construction. In addition, to ensure accomplishing as much of the work as originally proposed, the Highway Department provided equipment and labor to achieve completion of many under funded tasks such as construction of granite curbing around the common.

After twenty years of low or inadequate water pressure, a Booster Pump Station was constructed and put on line for the Sun Hill Road neighborhood. The majority of the work necessary to accomplish this goal was performed by workmen of the Water and Highway Departments. This facility was put on line without incident and is now providing increased pressure to the affected homes.

In conjunction with the Recreation Department, Highway personnel assisted with construction of both the new Town Beach and the new Soccer Field. This effort consisted of transporting granular materials from stockpiles to the project locations. The Water Department assisted by construction of a water service line to the new Town Beach.

All town roads were swept of winter sand for the first time in a number of years, vegetative growth encroaching on town roadways was mowed, and all town maintained catch basins were cleaned.

The second and final section of Ham Road was reconstructed by JGE Enterprises, Inc., completing the reconstruction of Ham Road. The town of Epping cooperated with Raymond by shimming and overlaying their section of Ham Road, which has resulted in a new road surface from N. H. Route 27 to Route 156.

The final open section of the old Landfill was capped with impervious granular material by the Highway Department, and will be seeded and mulched in 1996. In addition, gas vents were installed by the Public Works staff at a number of locations throughout the site to mitigate any gas build up below the cap material.

The Public Works Department was assigned responsibility for maintenance of the town cemeteries in 1995. This consists of lawn cutting and raking. Also, the crew straightened a number of head stones, removed dead trees, and reseeded bare spots. A ten-year program to pave or repave all access lanes within the cemetery was begun with paving of the first two lanes in the New Pine Grove Cemetery.

Roads within and around the Merrick Road subdivision -- specifically Hunter Drive, Donald Street, Stoney Brook Lane, Merrick Road, and a portion of Langford Road -- were patched, repaired, shimmed, and overlayed by the highway department, with paving services provided by Continental Construction.

All in all, it shaped up to be an extremely productive year for the Public Works Department, topped off by one of the worst December winters in documented weather history.

All of this work could not have been accomplished without the dedication of the Departments' fulltime staff of ten persons, the support of the townspeople, or the efforts of an

extremely talented and hardworking corps of almost thirty partime workmen, who man the town plows, operate the heavy equipment, service the pump stations, sort the recyclables, answer the phones, and ensure the adequate delivery of department services to the people of Raymond. I offer my sincere appreciation and thanks to all.

*Respectfully submitted,
Dennis G. McCarthy
Public Works Director*

Building & Health

1995 -- It has been a good year, but I can't say I'm sorry to see it go. It has been very hectic. Wal-Mart started construction early in the year and, as expected, a lot of time has been expended to keep the many aspects of this large project moving forward. We have learned much during this process. The physical needs of a project of this size and its ability to affect normal life are immense. Traffic, noise, lighting, and striking workers all became a reality! All is progressing well now and it appears the schedule is a reality as well.

Other projects worked on this year are the new Post Office location at the plaza; Lamprey Health doubling in size; nearly 20,000 square feet added to Rehrig Pacific; the replacement of all Pine Acres Campground buildings, along with over a hundred sites in the new areas; the near completion of the water bottling plant; and the long anticipated arrival of the Mobil Mart.

It appears that construction throughout the community has maintained a healthy clip.

And then there was the Quadroplex proposal. This, as well, has taken a fair amount of time in the form of zoning review. Should this project come to fruition, 1996 and 1997 could become very interesting years.

As always, I want to thank the residents of Raymond for their continued support and for the opportunity to work for and with them.

*Respectfully submitted,
Richard J. Mailhot, Sr.
Code Enforcement Officer*

Police Department

Innovation, service, and community policing were the trademarks of the year 1995 at the Raymond Police Department. Community involvement was a priority as well as modernizing and updating the infrastructure of the department. The new computer system is up and running as well as laptops in the individual cruisers.

Our accomplishments for 1995 include the Citizen Police Academy, grants for officers from the federal government, grants for equipment from the federal government, involvement with the Raymond Police/Dispatch Association involving Midnight Basketball and the bicycle rodeo, continued support of the Raymond Police Explorer program, innovative use of Police/Officer "trading cards", popular weight lifting program at the Raymond High School involving officers and Raymond High School students as well as continued support of our 1994 community policing agenda.

We look forward to 1996 as the culmination of our projects come to a final form. We feel that 1996 will be "our best year ever" and this should include input from the community/taxpayers as to what form they would like to see their police department take.

We at the Raymond Police Department serve with pride and integrity and attempt to give the citizens of Raymond good value for their hard earned tax dollar.

*Respectfully submitted,
James C. Murphy
Chief of Police*

Raymond Community Stewardship Committee

The Raymond Community Stewardship Committee has had another productive year. Our Beautification Program, run by Master Gardener and Steward Kim Binette, made quite the splash downtown! The flowers and planting were all done with donations and donated labor. It helped show off our newly renovated common and downtown area. This will be an ongoing program that hopefully will inspire other individuals and businesses to join in or spruce up their homes or businesses.

We enlisted the Girl Scouts to take pride in their town by planting flowers out on the island at Exit 4.

Our lilacs at Exit 4 and Exit 5 on Route 101 bloomed this year.

We asked Senator Jack Barnes about our State Liquor Store, and a program was implemented to dress up the looks of the grounds while the parking lot was being made larger.

On a lighter note, our third annual Silly Boat Race was well watched again this year during the Town Fair. Our concert on the common with The Notions was well received. Though our Winterfest had to be canceled due to ice conditions, many residents still attended.

The Stewards look forward to 1996 with our eyes, as always, fixed upon the future of Raymond. Though some of the things we do may look a little odd at first, they all have a purpose. Raymond's future is based upon the involvement of the citizens and the perception from the outside world. With beautification and concerts, we seek to get people involved and to change the image to something more positive for our downtown area. With the Silly Boat Race, we try to emphasize the beautiful, underutilized river that we have here. Our gateway sign program intends to make the entrances to this town something special that people will remember.

The Stewards would like to thank the Selectmen, the Raymond Fire Department, the Raymond Police Department, the Raymond Highway Department, and all the volunteers and people and companies who donated their time and money for the betterment of Raymond.

*For the Stewards
Stephen Keith, Chairman*

Recycling and Solid Waste Committee

The year 1995 has been an educational one for the Recycling/Solid Waste Committee. We have continued to pursue new avenues of alternative waste disposal methods for the town. This past year, we have held open public forums to discuss the future of Raymond's solid waste program. We have met with representatives from Dover, Exeter, Kingston, Littleton, and Newmarket. In addition, we have been in contact with Londonderry, Hanover, and Somersworth regarding their programs. Although our lively and sometimes humorous meetings were sparsely attended by the public, we weren't discouraged. We continued to ask questions, listen, and learn. After exploring the options, the committee recommended the following:

1. That the town continue with curbside trash pickup.
2. That the town implement a curbside recycling program.
3. That the town strive to achieve the state-wide goal to recycle 40% of our trash by the year 2000.

To meet these goals, the committee determined that it would be in the best interests of the town to consider the feasibility of a Pay-Per-Bag disposal system. With this system, curbside trash pickup would continue, with the added benefit of recycling at your curb. Residents would be responsible for purchasing special bags and for the amount of trash that they generate.

To help us in our educational venture, we have added three new members to the committee -- Jane Anzalone, Maureen Lundergan, and Steve Couture. We would welcome more! We have lots of work to do in 1996. The paint swap and the third Household Hazardous Waste Day are planned for the spring, along with trying to educate as many groups as possible about the positive impact of the Pay-Per-Bag system.

I have enjoyed working with the town and the committee, and wish to thank them for their support. 1996 promises to be our biggest challenge yet, and we are ready! We hope to see more of you at our meetings.

*Respectfully submitted,
Kathleen McDonald, Chairman
Recycling/Solid Waste Committee*

Raymond

From the Book, *A History of Raymond*

Written by Joseph Fullonton in 1875

In October, 1719, about eighty persons, chiefly of Hampton and Portsmouth, associated and obtained a grant for a town-ship. The grant was given August 26, 1720. It was then called the "Chestnut country". The town granted was ten miles square, and embraced, besides what is now Chester, Raymond, Candia, Auburn and a portion of Hooksett and Manchester. Settlements were immediately commenced by persons from Hampton and Rye, among the most active of whom were S. Ingalls, J. Goodhue, J. Sargent, Eben Dearborn, R. Smith, B and E. Colby, John and S. Robie.

The town was called Cheshire till its incorporation in 1722.

In 1750, a portion of Chester was set off to help constitute Derryfield, now Manchester. In 1736, the part called Charmingfare was incorporated Candia. In 1764, Freetown was disannexed and incorporated Raymond. In 1822, another part was spared to help constitute Hooksett. And finally, in 1845, the west part of Chester, called Long-meadow, was incorporated Auburn. Chester is, in a sense, the venerable mother of all of these places.

John Hoar

October 23, 1917 - November 16, 1995

John Hoar, Jr. served as a State Representative for Raymond and Epping from 1979 until 1992. Graduating from Harvard University in 1940, John served in the U. S. Army during World War, II, and was a member of the Veterans of Foreign Wars.

He was a member of the Raymond Historical Society and the Raymond Sportsman's Club, and taught in Raymond schools throughout the 1960's. He also served on the Board of Directors of the Seacoast Mental Health Center.

His substantial contributions to the betterment of his community, his State, and his country are a testament to his life, and he will be remembered with gratitude and respect by the people he served and the friends he made.

Town Budget & Warrants

1995 Annual Report
Raymond, N.H.

THE STATE OF NEW HAMPSHIRE
THE POLLS WILL BE OPEN FROM 7AM TO 7PM

To the inhabitants of the Town of Raymond, in the County of Rockingham, in said State, qualified to vote in town Affairs:

You are hereby notified to meet at the Iber Gove Middle School Gymnasium in said Raymond, on Tuesday, the Twelfth day of March, 1996 at seven of the clock in the forenoon, to act upon the following subjects:

Article # 1

To choose all necessary Town Officers for the year ensuing.

Article # 2

Do you favor the continuation of the Town Manager plan as now in force in this town?

Article # 3

Coastal Materials Corp. of 93 Chester Rd. proposes to rezone two parcels of land within Tax Map 3, Lots 44, 46, and 55. Parcel 1 to be approximately one acre located on the west side of the CMC entrance road to Zone C-1 Commercial. Parcel 2 to be approximately ten acres located to the northwest of the aggregate plant to Zone D, Industrial. (Inserted on a petition submitted by 25 or more voters)

The Planning Board recommends a YES vote.

To allow outdoor recreation on the following identified tax parcels Map 5, Lots 52-2, 52-3, 52-4, 52-5 and Map 6, Lots 33, 34, 35, 36, 49, 49A and 50 which currently lie in the Industrial Zone, Map 5, Lot 49A (zoned Residential/Agricultural) Inserted on a petition submitted by 25 or more registered voters)

The Planning Board recommends a NO vote.

Article # 4

To see if the Town will vote to enact the following amendments to the Zoning Ordinance as proposed by the Raymond Planning Board.

Amendment #1

"Are you in favor of the adoption of AMENDMENT #1 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To Delete in ARTICLE 1 PURPOSE, AUTHORITY AND GENERAL PROVISIONS the following sentence: "The Town of Raymond Building Inspector is authorized to issue a certification confirming the applicability of this provision to any particular building or structure," and replace it with the following: "The Town of Raymond Zoning Officer is authorized to issue a certification confirming the applicability of this provision to any particular building or structure."

Amendment #2

"Are you in favor of the adoption of AMENDMENT #2 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add to ARTICLE 1 PURPOSE, AUTHORITY AND GENERAL PROVISIONS the following:
8. Pre-existing (as of 3/1/96) Non-Conforming Lots are suitable for building purposes provided that such lots can meet current setbacks and can obtain the necessary driveway permits and comply with current Health, Safety, and Environmental codes, ordinances and regulations."

Amendment#3

"Are you in favor of the adoption of AMENDMENT #3 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To delete in ARTICLE 4-ALLOWED USES ZONE G CONSERVATION AND OPEN SPACE DISTRICT the following paragraph: Administration: All existing industrial and commercial uses utilizing or storing hazardous or toxic materials, which are located within the Aquifer Conservation District, must be reviewed by the Planning Board within six (6) months of the enactment of this Ordinance, and must be in compliance with the conditions of the Ordinance by January 1, 1986 and to delete in ARTICLE 3 ZONES the reference to ZONE I and replace it with a new ZONE I-GROUNDWATER CONSERVATION DISTRICT and To amend ARTICLE 4 ALLOWED USES of the Raymond Zoning Ordinance by deleting the existing ZONE I and replacing it with a new ZONE I-GROUNDWATER CONSERVATION DISTRICT."

Amendment #4

Are you in favor of the adoption of AMENDMENT #4 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To delete ZONE H-ADULT MOBILE HOME PARK in its entirety.

BUDGET OF THE TOWN OF RAYMOND **, N.H.**

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Raymond, in the County of Rockingham in said State, qualified to vote in the Town Affairs:

You are hereby notified to meet at the Iber Holmes Gove Middle School gymnasium in said Raymond on Saturday, the sixteenth day of March, 1996, at ten of the clock in the Forenoon, to act upon the following subjects:

Article #1

To see if the Town will vote to raise and appropriate the sum of Four Million, One Hundred Forty-Four Thousand, Eight Hundred Thirteen Dollars (\$4,144,813) to defray Town charges for the year ensuing. Said sum is exclusive of Special Articles No. 2,3,4,5,6, & 7.
(Recommended by Board of Selectmen, Not recommended by Budget Committee)

Article #2

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Fire Department Ladder Truck and to raise and appropriate the sum of Two Hundred Thousand Dollars (\$200,000.00) to be placed in this fund and to designate the Board of Selectmen as agents to expend. Expenditure from this fund is contingent upon the Town first receiving from Wal-Mart Corporation an impact fee payment in a form and amount acceptable to the Selectmen and contingent upon the expenditure having no effect on the tax rate.
(Recommended by Board of Selectmen and Budget Committee)

Article #3

To see if the Town will vote to raise and appropriate the sum of Fifty-Nine Thousand, Four Hundred, Fifty-Six Dollars (\$59,456.00) in support of the following Social Service Agencies:

Seacoast Mental Health	\$ 2,500.00
Rockingham County Community Action	16,770.00
Lamprey Health Care (Senior Transportation)	5,800.00
Area Homemaker Health Aide Services	4,500.00
Rockingham Counseling Center (Child & Family Services)	5,500.00
Rockingham Visiting Nurse Association	12,913.00
Seacoast Big Brother/Big Sister of N.H.	1,088.00
A Safe Place	1,000.00
Sexual Assault Support Services (Women's Resource)	675.00
Rockingham County Nutrition Program	2,760.00
Retired Senior Volunteer Program	600.00
Aids Response to the Seacoast	1,000.00
Seacoast Hospice	2,350.00
Richie McFarland's Children's Center	<u>2,000.00</u>
TOTAL	\$59,456.00

(Recommended by Board of Selectmen & Budget Committee)

Article # 4

To see if the Town will vote to raise and appropriate the sum of Forty -Five Thousand, Five Hundred Dollars (\$45,500.00) to be added to the Pecker Bridge Reconstruction Capital Reserve Fund previously established. (Recommended by Board of Selectmen and Budget Committee)

Article # 5

To see if the Town will vote to raise \$40,438.00 for the purpose of reducing the general fund deficit pursuant to RSA 41:9, V. (Recommended by Board of Selectmen, Not Recommended by Budget Committee)

Article # 6

To see if the Town will vote to raise and appropriate the sum of Thirty-Four Thousand , Five Hundred and Eighty Dollars (\$34,580.00) for the purpose of reclaiming Tax Map 6, Lot 64 on Route 107 in Raymond also known as the S.S. Jay Realty, Trust, David Bruce Trustee property pursuant to RSA 155-B:2 II (b) with the cost constituting an assessment against the owner, creating a lien against the real estate. (Recommended by the Board of Selectmen, Not Recommended by Budget Committee)

Article # 7

To see if the Town will vote to approve the cost item included in the collective bargaining agreement reached between the Board of Selectmen and the Teamsters Local #633 of New Hampshire Union (Police and Dispatch Departments) which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
1996	18,078.00
1997	12,251.00
1998	12,455.00

And further to raise and appropriate the sum of \$18,078.00 Dollars for the 1996 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. (Recommended by Board of Selectmen and Budget Committee)

Article# 8

To see of the Town will vote to adopt the provisions of RSA 31:43 which in relevant parts states "it shall be unlawful for a minor under the age of sixteen years to be upon any public street, or in any public place, after the hour of 9 o'clock in the evening, unless accompanied by a parent, guardian, or other suitable person." (By Petition)

Raymond School District Meeting

March 11, 1995

The Raymond School District Meeting was called to order at 1:20 p.m. in the Community Gymnasium of the Iber Holmes Gove Middle School by the moderator, J. Chandler Newton. The moderator then read the school district warrant and led the assembly in the Pledge of Allegiance.

Sandra Ellis introduced the members of the school board, legal counsel, superintendent, assistant superintendent, school district clerk, and the moderator. David Hoelzel, Jr. chairperson of the Budget Committee then introduced the members of the Budget Committee.

Ballot Clerks:

Assunta Ege
Joan King
Gayle McMullen
Joyce Bishop
Elizabeth Sylvia

Sharon Malette
Charlene Brox
Sandra Mulholland
Kathleen Szczepanik

Assistant Moderator:

Andrew Harmon

The moderator stated that Bradley's Simplified Rules of Order would be used to conduct the meeting.

Method of Voting: Articles that were not voted on by secret ballot were to be voted upon by raising "green" colored voting cards with the letter "K" printed on them, unless declared otherwise by the moderator. The moderator stated that a secret ballot could be requested by any five (5) registered voters prior to a vote; or seven (7) registered voters after a vote, if they dispute the vote. All names must be handed to the moderator on a slip of paper.

Article 1

Motion: By Edward French, duly seconded by Susan Clauson to move that the district appropriate the sum of \$5,736,912.00 (Five Million, Seven Hundred Thirty-Six Thousand, Nine Hundred Twelve Dollars), for the construction of an elementary school and of an addition to Raymond High School and for purchasing equipment and furnishings of a lasting

character in connection therewith and for the purchase of 7.5 acres of land located at Harriman Hill Road, Tax Map 9-Lot 43-2, 43-3, and 43-4; that to raise this appropriation the School Board is authorized to borrow \$5,736,912.00 (Five Million, Seven Hundred Thirty-Six Thousand, Nine Hundred Twelve Dollars) under the Municipal Finance Act; and that the School Board is authorized to take all other action necessary to carry out this vote.

Motion: By Roland Kimball, duly seconded by Jack Barnes to move the question.

Motion to move the question voted by a show of cards. Voted in the NEGATIVE.

Motion: By Mary Ann Austrew, duly seconded by Richard Doland to move the question.

Motion to move the question voted by a show of cards. Voted in the AFFIRMATIVE.

The moderator stated that this was a bond issue item and the polls had to be open for at least one hour; and that the article would need a two-thirds majority to pass. The moderator also stated that when he declared the polls open there would be a one-half hour recess in the hall, the polls would stay open for a total of one and one-half hours.

The assembly voted on "blue" bond issue ballots with "yes" and "no" printed on them for Article 1.

The ballot box was opened and declared empty.

The moderator declared the polls open at 3:09 p.m.

The moderator declared the polls closed at 4:39 p.m.

Total Ballots Cast:	583
Yes	285
No	297
Spoiled	1

Article 1 voted in the NEGATIVE.

Article 2 and Article 3 were passed over until the result of Article 1 was announced. After the result of Article 1 was announced, Article 2 and Article 3 were voted as follows:

Article 2

Motion: By Edward French, duly seconded by Susan Clauson to see if the School District will raise and appropriate the sum of \$90,000.00 (Ninety Thousand Dollars) for the purchase of 7.5 acres of land from Sigmund Lachut located at Harriman Hill Road, Tax Map 9-Lot 43-2, 43-3, and 43-4.

Article 2 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 3

Motion: By Edward French, duly seconded by Susan Clauson to see if the School District will authorize the School Board to convey a portion of the School District's property at Harriman Hill Road, Tax Map 9-Lot No. 43-2, 43-3, 43-4 to Mr. Paul Veilleux in exchange for Mr. Veilleux's conveyance to the Raymond School District a portion of property, Tax Map 9-Lot No. 43-1, of like value adjacent to the district's property at Harriman Hill Road, all on such terms and conditions as the School Board deems are in the best interest of the School District.

Article 3 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 4

Motion: By Edward Sanders, duly seconded by Susan Clauson to hear the report of the auditors and pass any vote relating thereto.

Article 4 voted by a show of cards. Voted in the AFFIRMATIVE

Article 5

Motion: By Sandra Ellis, duly seconded by Susan Clauson to see if the district will vote to approve the cost items included in the collective bargaining agreement reached between the Raymond School District and the Raymond Education Association which calls for the following increases in salaries and benefits:

<u>School Year</u>	<u>Amount</u>
1994-1995	\$ 0.00
1995-1996	\$117,471.00

and to raise and appropriate the sum of \$117,471.00 (One hundred Seventeen Thousand, Four hundred Seventy-one Dollars) for the 1995-1996 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those paid in the prior fiscal year.

Article 5 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 6

Motion: By Edward French, duly seconded by Edward Sanders to see if the district will vote to approve the cost items included in the collective bargaining agreement reached between

the Raymond School District and the Raymond Educational Support Staff which calls for the following increases in salaries and benefits:

<u>School Year</u>	<u>Amount</u>
1995-1996	\$ 29,035.00
1996-1997	\$ 33,797.00 (estimated)

and to raise and appropriate the sum of \$29,035.00 (Twenty-Nine Thousand, Thirty-Five Dollars) for the 1995-96 fiscal year, such sum representing the additional cost attributable to the increase in salaries and benefits over those paid in the prior fiscal year.

Article 6 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 7 was passed over until the result of Article 1 was announced. After the result of Article 1 was announced, Article 7 was voted as follows:

Article 7

Motion: By Edward Sanders, duly seconded by Susan Clauson to see if the School District will vote to raise and appropriate \$15,000.00 (Fifteen Thousand Dollars) to install a sprinkler system in the modular classrooms at the Iber Holmes Gove Middle School.

Article 7 voted by a show of cards. Voted in the NEGATIVE.

Article 8

Motion: By Sandra Ellis, duly seconded by Susan Clauson to see if the School District will vote to create an Expendable Trust Fund under RSA 198:20-c for the purpose of funding a Technology Plan for the 1995-96 school year. To appoint the School Board to be the agents to expend this fund, and to raise and appropriate, from surplus, the sum of \$50,000.00 (Fifty Thousand Dollars) to be placed in the aforesaid fund and authorize the use/transfer of up to 50% of the June 30, 1995 fund balance for this purpose. (The amount to be placed in the fund will be the lesser of either \$50,000.00 (Fifty Thousand Dollars) or 50% of the June 30, 1995 fund balance.)

Article 8 voted by a show of cards. Voted in the AFFIRMATIVE.

Motion: By Timothy Louis, duly seconded by Kathleen Hoelzel to reconsider Article 1.

Motion to reconsider Article 1 voted by a show of cards. Voted in the NEGATIVE.

Article 9

Motion: By Sandra Ellis, duly seconded by Susan Clauson to see if the School District will vote to raise and appropriate the sum of \$10,000.00 (Ten Thousand Dollars) and place it in

the Capital Reserve Fund for the renovation of existing buildings and the construction of additional school buildings.

Article 9 voted by a show of cards which were counted.

Yes:	91
No:	100

Article 9 voted in the NEGATIVE.

Article 10

Motion: By Susan Clauson, duly seconded by Edward Sanders to hear a report of the Cooperative School Study Committee.

Article 10 voted by a show of cards to accept the report as read. Voted in the AFFIRMATIVE.

Article 11

Motion: By Sandra Ellis, duly seconded by Edwards Sanders to see if the School District will vote to raise and appropriate the sum of \$10,184,577.44 (Ten Million, One Hundred Eighty-Four Thousand, Five Hundred Seventy-Seven Dollars and Forty-Four Cents) for the support of schools, for the payment of salaries and benefits for School District officials and agents other than money appropriated under previous warrant articles and for the payment of statutory obligations of the School District.

Motion: By David Hoelzel, duly seconded by Mark Lagasse to amend Article 11 to read:

To see if the School District will vote to raise and appropriate the sum of \$10,050,140.00 (Ten Million, Fifty Thousand, One Hundred Forty Dollars) for the support of schools, for the payment of salaries and benefits for School District officials and agents other than money appropriated under previous warrant articles and for the payment of statutory obligations of the School District.

Motion: By Roger Retzke, duly seconded by Jack Barnes to move the question.

Motion to move the question voted by a show of cards. Voted in the AFFIRMATIVE.

Motion to Amend Article 11 (Amendment #1) voted by a show of cards. Voted in the AFFIRMATIVE.

Motion: By Tyra Gould, duly seconded by Steven Georgeoplous to amend Article 11 to read as follows:

To see if the School District will vote to raise and appropriate the sum of \$9,955,052.07 (Nine Million, Nine Hundred Fifty-Five Thousand, Fifty-Two Dollars and Seven Cents) for the support of schools, for the payment of salaries and benefits for School District officials and agents other than money appropriated under previous warrant articles and for the payment of statutory obligations of the School District.

Motion to amend Article 11 (Amendment #2) voted by a show of cards. Voted in the NEGATIVE.

Motion: By Richard Dolan, second by Andy Sylvia to move the question.

Motion to move the question voted by a show of cards. Voted in the AFFIRMATIVE.

The assembly then voted on Article 11 as amended by Amendment #1.

Article 11-Amendment 1 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 12

Motion: By Steven Georgeoplous, duly seconded by Norman Weldy to see if the district will vote to raise and appropriate the sum of \$5,000.00 (Five Thousand Dollars) to help assist the Raymond High School Athletic Booster Club and the student athletes with the cost to purchase new uniforms for various school sports programs at Raymond High School.

Motion: By Timothy Louis, duly seconded by Steven Georgeoplous to move the question.

Motion to move the question voted by a show of cards. Voted in the AFFIRMATIVE.

Article 12 voted by a show of cards. Voted in the NEGATIVE.

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to restrict reconsideration on Article 11.

Motion to restrict reconsideration on Article 11 voted by a show of cards. Voted in the AFFIRMATIVE.

Motion: By Colleen Coates, duly seconded by Patricia Popienick to reconsider Article 11 on March 25, 1995, with a secret ballot.

Motion: By Andy Sylvia, duly seconded by Timothy Louis to move the question to reconsider Article 11.

Motion to move the question to reconsider Article 11 voted by a show of cards. Voted in the AFFIRMATIVE.

Motion to reconsider Article 11 voted by a show of cards. Voted in the NEGATIVE.

Article 13

Motion: By Timothy Louis, duly seconded by Norman Weldy to see if the voters of the School District of Raymond will vote to request that the Raymond School Board do not bring before any special school district meeting the results of any negotiated contract with any district bargaining unit and the Raymond School Board.

Article 13 voted by a show of cards. Voted in the AFFIRMATIVE.

Article 14

Motion: By Sally Paradis, duly seconded by Harold Wood to indefinitely postpone Article 14.

Motion to indefinitely postpone Article 14 voted by a show of cards which were counted.

Yes:	76
No:	72

Voted in the AFFIRMATIVE.

Article 15

To transact any other business that may legally come before this meeting.

There was no other business.

Motion: By Timothy Louis, duly seconded by Elizabeth O'Donnell to adjourn the meeting.

Motion to adjourn voted by a show of cards. Voted in the AFFIRMATIVE.

The moderator declared the Raymond School District Meeting of March 11, 1995, adjourned at 8:00 p.m.

Raymond School Board

Annual Report

The past year has been both a challenging and successful one for the Raymond School Board. The challenges have included: articulating a Mission Statement and Broad Based Goals for the School Board; dealing with increasing enrollments, rising prices and decreasing revenues; and committing to the accreditation of the High School.

On November 7, 1995, the School Board formally approved its Mission Statement and Broad Based Goals. The Mission Statement and the Broad Based Goals developed by the Board will form the nucleus of the Education Improvement Plan that the District will be submitting, in 1997, to the State Department of Education.

Mission Statement

To provide the opportunity for all students to reach their highest potential, in a safe environment, surrounded by creative/innovative educators, supported by an informed and responsive community.

Broad Based Goals

- Encourage continuation and development of effective educational programs and practices.
- Create a safe learning environment that ensures the personal and physical well-being for all.
- Provide educational leadership by being accountable, receptive and responsive to the needs of our constituents.

I would like to thank all of the board members as well as the superintendent and the assistant superintendent who devoted an extensive amount of time to arrive at this critical juncture.

Another challenge faced by the School Board has been dealing with the increasing enrollments and the lack of space. Fortunately, the District Voters began the process of addressing this challenge last year, with the purchase of the land which will house the proposed new elementary school. Additionally, the far-reaching, comprehensive space needs plan, recommended in the November 1994 Space Needs/Building Committee report, will again be presented at the March 1996 District Meeting. This plan continues to be the best solution to the District's space needs.

The challenges which faced the School Board in the development of the proposed Fiscal Year 1997 budget were similar to the challenges that have faced the Board for a number of years. These challenges included: dealing with the increasing enrollments in the District; the Board's commitment to maintain the current programs offered by the District; and the Board's commitment to support the High School accreditation process. The Board was pleased to

learn on September 21, 1995, that Raymond High School was accepted, by the New England Association of Schools and Colleges (NEASC), for consideration for accreditation; the first step in the multi-year accreditation process.

In an effort to further develop and open lines of communication with the town, the School Board and the Board of Selectmen held a joint meeting in September 1995. This process was initiated in 1994 and this meeting represented the second formal meeting. We had the opportunity to discuss each others goals. The boards each agreed to establish a standing sub-committee, to interact on a less formal but an ongoing basis, to ensure the communication continues.

It was a sad day for the Raymond School District with the passing of Ed Donovan, IHGMS Principal. His professionalism and good humor will be sorely missed by the students, parents, staff and faculty of the District. I thank Ed for all of his efforts on behalf of the students.

It has been a pleasure to chair a group of dedicated individuals who have selflessly offered to serve the community and children of Raymond. I would like to thank all of the school district administrators, faculty, staff and volunteers. Your commitment to the District and to the students of Raymond is obvious each day of the year. I would like to take this opportunity to thank all those voters who have attended public hearings and the school district meeting. Your interest in the future of the Raymond School District is evidenced by your participation. For those voters who have not had an opportunity to help steer the direction of the District, I strongly encourage you to attend the District meeting and take part in this uniquely New England tradition.

*Respectfully submitted,
Edward F. French, Chairman
Raymond School Board*

Superintendent's Report

A year has passed since I sat down to document the District's progress for last year's Town Report. Many of the same challenges such as increased enrollment, overcrowded facilities and shrinking revenues continue to plague the District. At times these challenges seem overwhelming, however, the Raymond School District continues to be committed to providing a sound educational experience for the students by maximizing available resources. In a State that relies almost entirely on the property taxpayer to support public education, the burden of supporting 1,972 students is considerable. This burden is recognized, and the support of the community is appreciated. In order to provide the level of education the students deserve and the next century demands we must remain focused on student achievement and continued educational improvements. An endeavor of this magnitude requires a tireless commitment to the children of this Community.

In addition to all of the program improvements and initiatives that the principals reported there have been several District initiatives. In 1996, the District will be required to submit a consolidated application for Federal Funds. This is a result of the move by the Federal Government to consolidate funds to the States in the form of "Block Grants". This change mandates that the local districts prepare a District Education Improvement Plan that must be filed with the State. This presents a challenge and an opportunity for the Community to come together and carve out a plan that will guide the District into the next century. If you are interested in becoming involved in this planning process, please contact the SAU Office.

During the past year we have made progress in updating technology in each of the schools. This has been accomplished through a number of initiatives. The primary source of funding was the Technology Warrant Article approved at last year's District Meeting. This money was used to replace the computer system at the High School and purchase new student information system software. The High School was also able to add several new systems to the computer lab. In addition to the systems purchased for this lab through technology funds, one system was purchased using grant funds and a complete system, with printer, was donated to the school. This keeps the High School on track to meet the goal of eliminating the use of Apple IIe's in the computer lab by 1997. Through the use of other donated equipment and a small amount of money from the technology funds, we were able to upgrade the technology in the business lab. While the donated equipment is outdated, 286 technology it is a step up from the Apple systems we were using.

The Middle School is also making strides in the use of technology. Through a combination of technology warrant article money, donated equipment and the outstanding support of the Parent Core Group, complete computer systems will be available for classroom use. Equipment will be assigned based on proposals written by the teachers, specifying how the computer systems will be used in the classrooms. A small computer lab will be set up for student use during study periods. All six of the computers in this lab have been donated to the school. The Middle School is also increasing the use of computers in both the technology education program and the media center. The goal for next year is to replace all of the Apple equipment in the computer lab.

The Elementary School currently has complete computer systems in more than half of the classrooms. Additional equipment was purchased through a combined use of technology funds, grant funds and the continued support of the PTO. The District has made strides in the area of technology. However, there is still much that needs to be done in the area of technology. The continued support of the Community is necessary if we are to provide students with the skills they need to compete for jobs in an ever changing workplace.

The Staff Development Committee's major project this year was organizing a series of workshops on character and citizenship education. At these workshops, teams from each school were able to work on ways to implement the goals of character and citizenship into the educational program. The Committee continues to support a number of other curriculum projects including elementary mathematics, environmental education and technology.

In order for our schools to continue with programs that meet the needs of the students and are focused on preparing them for the next century, Community involvement is essential. The Raymond School District is fortunate to have an active PTO, Parent Core Group, Booster Club and many dedicated volunteers. The time, dedication and commitment to helping the staff and the students is sincerely appreciated. In order for quality education to prevail a strong collaborative effort is essential, and with continued support, high standards will be achieved!

*Respectfully submitted,
Cheryl A. Stratchko
Superintendent of Schools*

Lamprey River Elementary School

Principal's Report

"Did you really eat a live worm?" was the most frequently asked question of the 1994-95 school year. Actually, I ate two of them - one at each assembly program. Of course, the children and faculty provided garnishes of worm songs, incredible worm recipes, worm poems, and a worm smock. Why all this hoopla? We challenged parents and children to REAL A MILLION MINUTES during the spring. Each family member kept track of the amount of time they spent reading - at home or at work. Slips with minutes were sent in each week and tallied outside each classroom. Our intent was to draw attention to the importance of reading in our lives and, of course, to have a bit of fun! Students, teachers, and parents did a super job to make this effort memorable!

Raymond High School students enriched our school by sharing a bit of themselves with our students throughout the school year. RHS band members strolled through our hallways the last day before the holidays playing seasonal tunes as Santa Claus and I collected pennies in our red wagon for the Raymond Community Action Program's Food Pantry. On the average, each year, children and their families donate 50,000 plus pennies to this worthwhile cause. Pretty impressive! Tom Koch's science class came to our school one day a week during the spring to conduct an energy survey in cooperation with Public Service Company of New Hampshire. Thirty other RHS students met with thirty third graders each Friday afternoon in our Amigo's program which is similar to a Big Brother - Big Sister program. High School students participating in Euphemia Scantlin's Children's Literature course, wrote children's books and then read them to our students. The high schoolers' jitters melted into smiles of delight as the elementary children warmed up to their older counterparts.

We also developed a partnership with the Lamprey River Clinic. Mrs. Priscilla Shaw, Director of Community Services, proposed to provide a pilot program for second graders consisting of a free dental screening and teeth cleaning for those children whose parents chose to have their children participate. Eighty-six children enthusiastically climbed into the portable dental chair where Mary Davis, the dental hygienist, explained the procedure in reassuring terms, and gave them both easy to use dental care tips and sparkling new toothbrushes as well. This program will be expanded this year to include second and third grade children whose parents give permission to participate.

As the song says, "Times are a changing." Fourteen teachers serving on two committees met regularly from January through the summer to analyze the New Hampshire Education improvement and Assessment Program's (NHEIAP) third grade test results, discuss the contents of the Curriculum Frameworks provided by the New Hampshire State Department of Education, and to make recommendations for improvement of our students' opportunities for learning in both Language Arts and Mathematics. We found that our current computationally based math program is out of sync with what the state of New Hampshire is now expecting children to know and be able to do by the end of third grade. We are recommending the adoption of a different math program which will be more compatible with

what the state expects children to know and with what is being tested. This program will be implemented one grade at a time starting with grade 1 in September of 1996.

"Grandpa, did you have computers when you were in school?" asked a second grader. The child's question prompted this thoughtful and poignant reply, "No, but we had a radio." As I watch our youngsters' fingers fly over a computer keyboard, pull down menus and select the right tech tool for a task, I know we are seeing the future. Even twenty years ago most people read about computers. Today, computers are everywhere in the workplace - not to mention homes. At Lamprey River Elementary, technology is viewed as a teaching and learning tool much like a textbook. We are focusing on integration of this technology into the classroom and our curriculum. Currently, we have twelve of our classrooms equipped with "IBM clone 486" computers, CD ROM Drives, and sound cards. Our short-term goal is to have one of these exciting learning tools in each classroom by September 1997.

The icing on the volunteer cake is the prestigious Blue Ribbon School Volunteer Award presented by the New Hampshire Partners in Education (NHPIE) program. This state level group recognizes those New Hampshire schools who have developed substantial and effective volunteer programs. We were notified by NHPIE this fall that our school will once again receive the Blue Ribbon Award for the sixth year in a row. Parents and other community members generously continue to give children and teachers the gift of their energy, time, and talents throughout each school year. Thank you! You truly make a significant difference to young children.

The Parent Teacher Organization (PTO) continues to effectively enliven, enrich, and stimulate school life at Lamprey River Elementary. They provide significant funding for our technology effort purchasing seven complete "486" computer systems over the past two years. They serve as a source of very computer literate volunteers who help with everything from troubleshooting computer problems to installing additional memory in the equipment.

The PTO serves as the umbrella organization for our Blue Ribbon winning volunteer program. They provide children with delightful assembly programs such as this year's "Slim Goodbody". Santa's Secret Store is a hit with children and parents alike who come to shop in our gym for family and friends while parents can enjoy a cup of coffee and some extra calories (baked goods) in the media center. Student achievement is recognized each year in June at the PTO sponsored Awards Night. It is my pleasure to work each year with this talented, dedicated, and just plain fun to be with group of caring parents.

*Respectfully submitted,
Roderick D. Crepeau
Principal*

Iber Holmes Gove Middle School

Principal's Report

Despite the number of increasing obstacles, the 1995-96 school year thus far, has proven to be a year of noteworthy academic and extra-curricular initiatives. Beginning with the addition of several new staff members, the Middle School has included a school-wide theme of "Respect", the implementation of a sixth grade Reading Enrichment Program and the development of an after school Exploratory Foreign Language Program. Additionally, the I.H.G.M.S. has been the recipient of several thousands of dollars in Drug Free Grant and Technology monies and they have begun another impressive athletic season.

New Staff:

The fourth grade team has three new teachers this year. Ms. Stall, Mrs. Hankus and Ms. Leary. Creative and energetic, they have enhanced the instructional delivery of our fourth grade curriculum and their creativity has been well received by their teammates.

An additional Special Education teacher hired for grades five and six, Ms. Kathleen Doran, has lessened the case-manager-student ratio in grades five and six. Artistic, creative and patient, Ms. Doran divides her time between grades five and six.

Mr. Ron Ricker has been hired as a sixth grade teacher. He comes to us from Londonderry where his knowledge of computers and technology has been greatly appreciated.

Mr. Vincent Duval and Mrs. Denise Freeman have been hired as replacement teachers for music and art. Their expertise in their respective fields has truly enhanced our Unified Arts Team.

Mrs. Rebecca Ready our Speech and Language Pathologist comes to us from Rochester. She currently services our special needs students in grades four through eight.

Academic Programs:

Both Mrs. Dahl and Ms. Laureti have been instrumental in the implementation of a sixth grade Reading Enrichment Program based on the Junior Great Books series. This six-week program meets twice a week for one hour and is focused on cognitive thinking skills, interpretation and discussion. Parental response has been wonderful and students seem to be thriving in a small group, Socratic-type atmosphere.

Additionally, an after school Foreign Language program has been developed by Mrs. Jean Sample. This elective program explores the foundation of several languages and includes their cultures and traditions. An overwhelming student demand has forced us to consider offering this course again in the Spring.

Grant Monies:

Appreciatively, through the dedication of the Drug Free School Team spearheaded by Ms. Ann Parrill and Ms. Pat Schoch along with others, the Iber Holmes Gove Middle School has received \$40,000 dollars in grant monies and has been named one of the best drug and violence prevention programs in the State. With this monetary reward we can now offer many preventative programs that teach students self esteem, self respect and alternatives to

problem solving without the use of violence or drugs. Curriculum materials have been purchased, a late bus is now being offered so that students may partake in after school activities, conflict resolution seminars are in place as well as the "Recess Rangers" and Peer Outreach Programs, two initiatives that focus on students as leaders and spokespersons for a drug and violence free school environment.

Technology:

Thanks to the tremendous efforts of our Parent Core Group (PCG), in addition to last year's warrant, Title VI grant money and various donations, the Iber Holmes Gove Middle School has begun to enhance and upgrade our present technology inventory. With students as our primary focus, we are in the process of purchasing new hardware and software for classroom access, creating a student centered technology lab in the lower media center and adding to our curriculum with the purchase of innovative software.

State Testing:

In the Spring of 1996, our grade 6 students will be tested with the NH Department of Education's recently adopted (NHEIAP) Educational Improvement and Assessment Program test designed to measure our curriculum against the frameworks adopted in the four core curriculum areas. We are anxious to see how our students will perform, and results should be available in the late Fall of 1996.

Athletics:

Once again our year-to-date athletic program has proven to be impressive. Several of our Middle School students participated last Spring on the High School junior varsity softball team. They closed with a team 6-10 record.

Our Fall soccer team finished the season with an 11 and 0 record, while our boys and girls basketball team has just gotten underway. Our cheerleaders competed in state wide tournaments last Winter and this year during the 1995-96 season. Sixteen young women are well on their way to impressing their audiences.

Space Needs:

Our enrollment continues to climb (828 as of this writing), while our operating space remains stationary, there are no words to accurately describe this phenomena without witnessing the tremendous crunch on a personal level. The student population is far too large to hold any school wide function in one place. Class sizes average 25 in grades four and five; however, one must remember the floor space is far less than the 900 sq. ft. minimum recommended by State standards. Grade six averages 33 per classroom with storage, conference areas and hallways much less than adequate.

Physical Education classes run as high as 49 with no personnel to offer assistance.

The administration and staff continue to develop new programs, deliver instruction and create initiatives in spite of our many challenges.

Indeed, it has been my pleasure to work with our professional staff and to serve your children in my capacity as Acting Principal.

*Respectfully submitted,
Kathleen M. Laureti
Acting Principal*

Raymond High School

Principal's Report

The past year at Raymond High School has been characterized by continued growth as an institution of educational excellence. The signs of our continued progress are abundant. In 1987, only 23% of our students went on to further education after graduation, in 1995, 57% did! In the years 1987 to 1991, the average drop-out rate was 8.4%. In the years 1992 to 1995 the average was 3.3%! One of the graduates of the class of 1995 is enrolled this year as a Freshman at Yale University. Many of his classmates received scholarships and grants to support their continued education. For the second year in a row Raymond High School was chosen as a Turning Points Project Site by the Institute on Disabilities in Durham, NH. This award provides our staff with rich training resources in all areas of "inclusion" at no cost to our district. On two occasions Raymond High School has been used as a showcase to visiting members of the State Department of Education because of our innovative programs in restructuring. Programs such as the advisor-advisee program, cooperative learning, student court, heterogeneous grouping, student intervention teams, community service projects, partnerships with the Raymond Police Force in providing weight training programs for at-risk youth and the sailing/adventure program are all examples of activities that have been integrated into the fabric of educational offerings at Raymond High School.

The faculty and staff continue to prove their dedication to the youth of Raymond by offering their time and energies to expand the programs available to our students. Staff members are volunteering this year to create additional drama performances. Clubs such as the literary magazine and foreign language club, the Pep Squad, Peer Outreach, Earth Now and Odyssey of the Mind are all offered without cost to the district. Teachers are also volunteering their time to be a part of committees directly affecting the education of students such as the School Improvement Program (SIP), the Raymond Advocacy Program (RAP), the Student Intervention Team (SIT), Block Scheduling, Tech Prep and many others. Tutorial help is volunteered after school in a formal way with "Math After Hours" as well as informally by all members of the faculty. For the first time this year, Raymond High School is offering interested students the opportunity to travel to England over February vacation as an educational field trip. In another new program, teachers volunteered their time to come in and meet with the incoming freshmen for an orientation day sponsored by the National Honor Society.

Success at Raymond High School is not limited to the dedication of faculty and the improvement of education. We are also working to build bridges with the Raymond community to provide a voice for all the shareholders in our childrens' future. Over the past two years, the School Improvement Program team (SIP) has met with interested community and business members as well as staff and students to hammer out a "Statement of Purpose" for our school. This document will reflect the social and academic goals that we hold for all of our students as well as the expectations we have for the school and community as they relate to the education of our youth. This is all a part of the self-study that needs to be done as Raymond High School seeks formal accreditation by the New England Association of Schools and Colleges (NEASC). This process will be on-going through the

months ahead when a visiting committee of educators will come to Raymond High School to report their findings in the Fall of 1997. For the many community members who have already volunteered to take part in one of the standards committees, I wish to thank you formally. Your time and energies will be an important addition to the dialogue about the direction and assessment of education at our school.

In the midst of all of the positive additions and changes, we are at the same time faced with two serious challenges: -- overcrowding and a lack of space. The student population grew 9% this year and is expected to grow an additional 9% next year. In 1988-1989, our enrollment was 368 and we had over 38 members on our faculty. This year our attendance is 510, meaning we have had a 39% increase in the student population and we have 37 members on our faculty. This has created great stress on the system and on those trying to teach so many students in what have become crowded classrooms. We have one guidance counselor to address the emotional needs and career objectives of 510 students! We have English teachers trying to teach composition to large heterogeneously grouped classes where many students need program modifications. We have Social Studies classes where we can't fit any more students in the classroom resulting in pupils having to wait until next year to take required courses. We have study halls in the cafeteria with over one hundred students in attendance. We have Science classes where the number of students significantly exceed the number of lab stations. We have exceeded the building capacity of the high school and next year the problems will only be worse. We need additional staff and additional space.

It is our hope that these challenges can be met with the support of community members wishing to maintain the progress that we have worked so hard to achieve. I continue to be deeply proud of the accomplishments that our students have achieved and I look forward to working with the many dedicated faculty and staff members that make Raymond High School a place of continued educational growth for our students.

*Sincerely,
Christopher L. George
Principal*

Report of the Raymond Food Service Department

As of this writing, debate is raging in Washington over the future funding of school meals. Even in the Republican party, there is no consensus as to whether child nutrition is an integral part of education, or a welfare program that should be block granted. If school meals are funded through block grants going back to the states, it will almost definitely have a negative financial impact on the funding we receive as a program, and will, in effect, exclude many children from access to meals they critically need.

Here in Raymond, the school foodservice program is constantly growing and changing. As school populations increase, participation in the lunch program remains quite high, as the following numbers indicate: Raymond High School: 311 meals a day or 71% of the students taking hot lunch; IHG Middle School 489 meals a day or 60%, and at Lamprey River, 352 meals or 63%. Additionally, several schools have set all time records for lunches served on a single day. This is due in large part to the higher enrollments, but also the fact that lunch prices in Raymond are among the lowest, if not the lowest in the state at \$1.10 or \$1.20 (at LRES including breakfast).

The Breakfast program at Lamprey River continues to be busy, with over 400 children eating either a full breakfast or some component of one on a daily basis. However, due to ever increasing food and overhead costs, we may have to institute a paid breakfast program at this school next year.

As a department, we continue to be involved in school and community activities such as fund raisers for local and school groups, recycling programs and in-classroom instruction in the areas of food and nutrition, especially in the elementary grades.

In summary, regardless of the uncertainty facing school food service on a national level, I will strive to operate our department in a self sufficient, businesslike manner, while providing excellent nutrition and nutrition education to the children of Raymond at a reasonable cost.

*Sincerely,
Timothy Goossens
Director of Food Service*

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE USED IN ADMINISTERING FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Members of the School Board
Raymond School District
Raymond, New Hampshire

We have audited the general-purpose financial statements of Raymond School District as of and for the year ended June 30, 1995, and have issued our report thereon, which was qualified as indicated therein, dated September 22, 1995.

We conducted our audit in accordance with generally accepted auditing standards; Government Auditing Standards, issued by the Comptroller General of the United States; and Office of Management and Budget Circular A-128, Audits of State and Local Governments. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement.

In planning and performing our audit for the year ended June 30, 1995, we considered the internal control structure of Raymond School District in order to determine our auditing procedures for the purpose of expressing our opinion on Raymond School District's general-purpose financial statements and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the general-purpose financial statements in a separate report dated September 22, 1995.

The management of Raymond School District is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general-purpose financial statements in accordance with generally accepted accounting principles, and that federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become

inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

Accounting Controls

Treasury

Revenue/Receipts

Purchases/Disbursements

External Financial Reporting

Payroll/Personnel

Administrative Controls - General

Political Activity

Civil Rights

Cash Management

Federal Financial Reports

Allowable Costs/Cost Principles

Drug-free Workplace

Administrative Requirements

Administrative Controls - Specific

Types of services

Eligibility

Reporting

Cost Allocation

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended June 30, 1995, Raymond School District had no major federal financial assistance programs and expended 53 percent of its total federal financial assistance under the following nonmajor federal financial assistance programs.

Federal Grantor/ Agency	CFDA Number	Program Name
US Department of Agriculture	10.555	National School Lunch Program
US Department of Education	84.027	Special Education - State Grants

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we have considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements that are applicable to the aforementioned nonmajor programs. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure policies and procedures used in administering federal financial assistance would not necessarily disclose all matters in the internal control structure that might constitute material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with laws and regulations that would be material to a federal financial assistance program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the School District. However, this report is a matter of public record, and its distribution is not limited.

**RAYMOND SCHOOL DISTRICT
STATE OF NEW HAMPSHIRE**

**TO THE INHABITANTS OF THE SCHOOL DISTRICT, IN THE TOWN OF RAYMOND,
NEW HAMPSHIRE, QUALIFIED TO VOTE IN DISTRICT AFFAIRS:**

You are hereby notified to meet at the Community Gymnasium at the Iber Holmes Gove Middle School in said District, on the ninth day of March 1996, at 10:00 AM in the morning to act upon the following articles:

1.) To see if the District will raise and appropriate the sum of \$5,626,025.00 (Five Million Six Hundred Twenty-Six Thousand Twenty-Five Dollars) for the construction of a new elementary school, an addition to Raymond High School, and renovations to Raymond High School, and for the purchase of furnishings and equipment in connection therewith; to see whether this appropriation shall be raised by borrowing under the Municipal Finance Act or otherwise; and to authorize the School Board to take any and all actions necessary to carry out any vote hereunder, or to take any other action relative thereto. (Recommended by School Board) (Recommended by Budget Committee)

2.) To see if the District will raise and appropriate the sum of \$280,600.00 (Two Hundred Eighty Thousand Six Hundred Dollars) for installation of a Sprinkler System for Raymond High School; to see whether this appropriation shall be raised by borrowing under the Municipal Finance Act or otherwise; and to authorize the School Board to take any and all actions necessary to carry out any vote hereunder, or to take any other action relative thereto. (Recommended by School Board) (Not Recommended by Budget Committee)

3.) To see if the District will vote to raise and appropriate the sum of \$181,560.00 (One Hundred Eighty-One Thousand Five Hundred Sixty Dollars) to meet the first year interest payment on the bond issue of Article 1. (Recommended by School Board) (Recommended by Budget Committee)

4.) To see if the District will vote to raise and appropriate the sum of \$7,613.00 (Seven Thousand Six Hundred Thirteen Dollars) to meet the first year interest payment on the bond issue of Article 2. (Recommended by School Board) (Not Recommended by the Budget Committee)

5.) To see if the Raymond School District will authorize the School Board to enter into a lease purchase agreement with Honeywell Incorporated for the purpose of repairing, replacing or retrofitting temperature controls, mechanical, (including electric heat conversion in the Elementary School), lighting and energy monitoring systems at the Raymond High School, Elementary School and Middle School. This entire project will be paid for through guaranteed energy/operational savings from the proposed energy/operational budget. (Recommended by School Board)

6.) To hear the report of the auditors and pass any vote relating thereto.

7.) To see if the District will vote to approve the cost items included in the collective bargaining agreement reached between the Raymond School District and the Raymond Education Association which calls for the following increases in salaries and benefits:

School Year	Amount
1996-97	\$163,651

and to raise and appropriate the sum of \$163,651.00 (One Hundred Sixty-Three Thousand Six Hundred Fifty-One Dollars) for the 1996-97 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those paid in the prior fiscal year. (Recommended by School Board) (Not Recommended by Budget Committee)

8.) To see if the School District will vote to raise and appropriate \$49,976.00 (Forty-Nine Thousand Nine Hundred Seventy-Six Dollars) for the purpose of funding the second year of a five year Technology Plan for the Raymond School District. (Recommended by School Board) (Recommended by Budget Committee)

9.) To see if the School District will vote to create an expendable General Trust Fund under RSA 198:20-c, to be known as the Special Education Emergency Expenditure Fund for the purpose of establishing a special education emergency expenditure fund, to appoint the School Board to be the agents to expend this fund, and to raise and appropriate, from surplus, the sum of up to \$50,000.00 (Fifty Thousand Dollars) to be placed in the aforesaid fund and authorize the use/transfer of up to 50% of the June 30, 1996 fund balance for this purpose. (The amount to be placed in the fund will be the lesser of either \$50,000.00 (Fifty Thousand Dollars) or 50% of the June 30, 1996 fund balance). (Recommended by School Board) (Not Recommended by Budget Committee)

10.) To see if the District will vote to raise and appropriate the sum of \$1,972.00 (One Thousand Nine Hundred Seventy-Two Dollars), said sum based on \$1.00 per child served in the School District, to support the efforts of the Claremont Lawsuit Coalition, Inc., and to authorize the transfer of said sum to the Claremont Lawsuit Coalition, Inc. for this purpose. (Recommended by School Board) (Not Recommended by the Budget Committee)

11.) To see if the School District will vote to raise and appropriate the sum of \$10,921,083.00 (Ten Million Nine Hundred Twenty-One Thousand Eighty-Three Dollars) for the support of schools, for the payment of salaries and benefits for School District officials and agents other than money appropriated under previous warrant articles and for the payment of statutory obligations of the School District. (Recommended by School Board) (Not Recommended by Budget Committee)

12.) To see if the District will vote to create a school administrative planning/withdrawal committee, consisting of the following members.

Two local school board members, appointed by the Raymond School Board.

One member of the Raymond Municipal Budget committee, appointed by the budget committee.

Four public members of the community at large, appointed by the moderator.

The superintendent of schools, as a nonvoting member.

This committee to follow the procedures, as outlined in 1996 House Bill 1610 and report to the 1997 School District meeting. (By Petition)

13.) To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 15TH DAY OF FEBRUARY, 1996.
